Rock And Roll Essay

1562 Words • 4 Pages

The diverse age of Rock and Roll existed concurrently with the movement to grant civil rights to African Americans and the establishment of a new genre of music. When it first became known, with its wild sound and influence over a younger audience that involved sex, drugs, and a social change from past norms, white, religious, middle class and elderly groups interpreted it as a risqué and obscene music genre. Adults mainly disapproved of Rock and Roll's sex lyrics and its performers with the rebellious attitudes it created, and that it originated from African American culture. In most cases, parents disliked white youth listening to "black sounding" music and attending concerts where half the audience and artists were black. Changing racial

by white and black teenagers. It further spread by the appeal of Rock and Roll songs to younger audiences, gaining ever-escalating popularity. As Glenn Altschuler, an acclaimed author and professor at Cornell University, quotes, “rock ‘n’ roll nonetheless provided a fresh perspective, celebrating leisure, romance, and sex, deriding deferred gratification. and delighting in the separate world of the teenager” . The rapid success of Rock and Roll spread from teenagers promoting up and coming artists, whether they were black or white, causing segregation to slowly dissipate and integration to come into play. This switch from previous lifestyles and behaviors of the 1950s to different and more relaxed attitudes about lifestyles and behaviors came in great part from the huge contrast in styles of music, both vocal and instrumental. Rock and Roll was ultimately controversial due to black a...

...nfluence and sexiness compared to other musicians of his day and age.

The distinguished artists of the Rock and Roll generation brought forth innovative music, style, and influences, in turn

sound and the availability of the radio in cars and in homes allowed it to do so. Additionally, teenagers across the nation prompted Rock and Roll's popularity and pushed it to become one of the most beloved and controversial music sounds, with adult audiences argumentative towards the message it perceived. Chiefly, Rock and Roll was a sound

All Shook Up: How Rock 'n' Roll Changed America

792 Words | 2 Pages

The development of Rock 'n' Roll in the late 1940s and early 1950s by young African Americans coincided with a sensitive time in America. Civil rights movements were under way around the country as African Americans struggles to gain equal treatment and the same access to resources as their white neighbors. As courts began to vote in favor of integration, tensions between whites and blacks

America was still changing rapidly as African Americans were allowed more and more rights and social justices. During this time in America's history, racism was still largely found across the nation. It was almost customary for average white people to hold their black counterparts and lower regards. It was very rare for people of mixed races partaking in activities together, let alone creating music. Swing resolved some of these issues, and connected the races. The audience of Swing was also different in the sense that "college-age and high-school-age youth" built up a large majority of the common listeners (Edsford 1). The inclusion of younger aged consumers of Swing music is monumentally important contrasted with swing's predecessors, where people of this age had no outlet of listening to music of any kind. The later part of the Swing revolution occurred during the first consumer era of

Rock n Roll & 20th Century Culture

Rock 'n' roll and 20th Century Culture According to Philip Ennis, rock 'n' roll emerged from the convergence of social transformations which resulted from World War II (Ryan 927). Despite its pop culture origins, rock music is arguably one of the strongest cultural factors to develop in this century. Artists such as Lennon, McCartney and Dylan defined the emotions of a generation and, in the last decade,

from African American music and was greatly discriminated against. Traditional white Americans would target anything bad about it. But as the teenager demographic of the 1950s started increasing the sales of the music, the genre started gaining more popularity. It was the style of Elvis Presley and his new voice that made girls weak in the knees and boys want to be him. Artists such as Presley had enough influence to change the view of their devoted fans on civil rights

How Rock and Roll Changed America

Rock and Roll was the start of a new revolution in America. It introduced the world to many of the famous artists that continue to be a part of our lives today. "Artists who became popular in the 1950s such as Elvis, began to pave the way for others such as Jerry Lee Lewis and Buddy Holly" (The History of Rock 'n' Roll until 1960). With the introduction of

The textbook describes progressive rock as a form of rock music that has a complex and educated sound. Progressive rock gets its name because it is a progression of classic rock. In other words, technology, cultures, etc. progress with time and music is no different it progresses over time. The textbook describes this progression as being more complex than classic rock by having more technical skill going into the music, as well as the lyrics being more fantasy-based. In
